

Since 1981

At Ohanyan's, we believe in preserving our traditions, cultures, and flavors in every bite. We use the traditional art of slowly air drying and curing meats passed down from generation to generation. Enjoy our unique blend of Mediterranean spices and experience the exception, not the compromise, in each of our specialty meats and pasta.

We encourage you to browse our website to learn more about our company and products. Looking forward to hearing from you soon!
